Publication of our Quarterly Reporting Packs

We wanted to mention that our Corporate Plan Quarterly Reporting Packs for Q1 and Q2 of FY20 are now available on our [website](#).

Each report provides some high level information on Tax Complaint investigations and some Key Performance Indicator information – consistent with our [Corporate Plans \(commencing FY 2019-2020\)](#).

We hope this information is useful in helping the community to understand what we are doing and how we can assist to improve the tax administration system.

Moving forward we hope to publish a reporting pack as soon as practicable following the end of a Quarter.

Let us know if you have any suggestions for additional improvements.
