Complaints

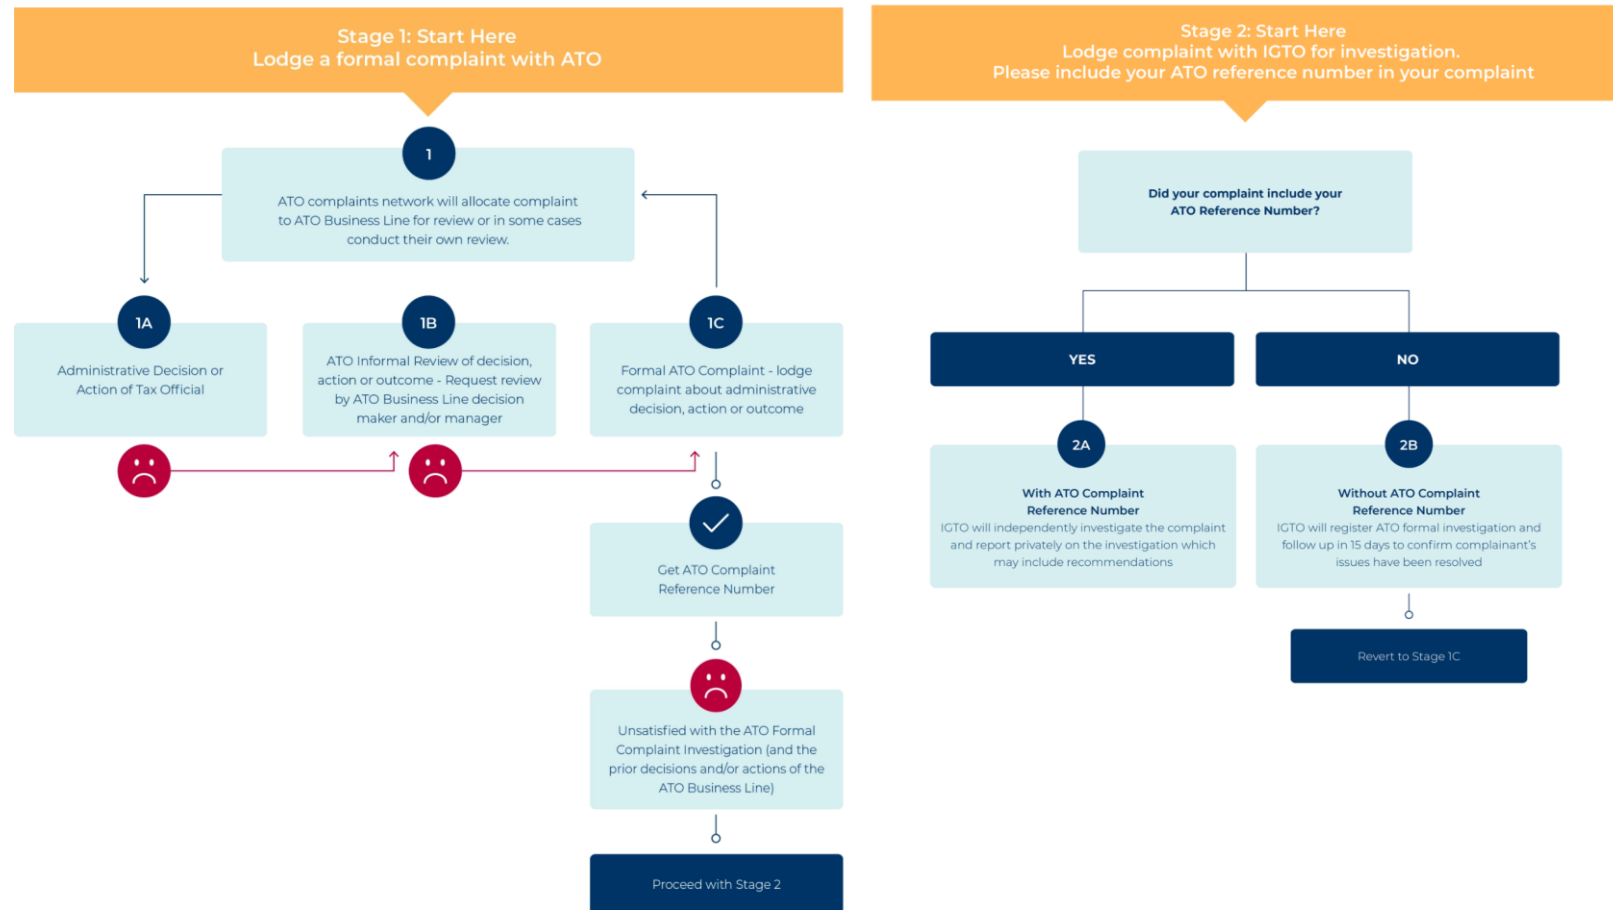

Making a Complaint – Overview

As the Taxation Ombudsman, we can help investigate complaints about the Australian Taxation Office (ATO) or the Tax Practitioners Board (TPB).

A complaint may be formally investigated and resolved in two stages:

Stage 1 – the complainant should first try to resolve their concerns directly with the ATO (or TPB) – by lodging a formal complaint.

Stage 2 – if the complainant remains unsatisfied, they may lodge a taxation complaint with us, the Taxation Ombudsman, for an independent investigation.

Complaint categorisations

Definition of a complaint per ISO standards:

Any expression of dissatisfaction made to or about an organisation, related to its products, services, staff or the handling of a complaint, where a response or resolution is explicitly or implicitly expected or legally required.

Definition of disputes per ISO standards:

Unresolved complaints escalated internally or externally, or both.

Complaint enquiries - Independent Assistance and Assurance

Category 0	Insufficient information (i.e., the complainant is unable to provide the IGTO with sufficient information to be able to assist)
Category 1	Translation/Navigation (i.e., the IGTO helps the complainant to make sense of ATO/TPB explanations, provides independent assurance regarding ATO/TPB actions of concern and/or charts out the options that are open to the complainant)
Category 2	Referral (i.e., IGTO refers complainant's information to most appropriate agency and/or declines to investigate)

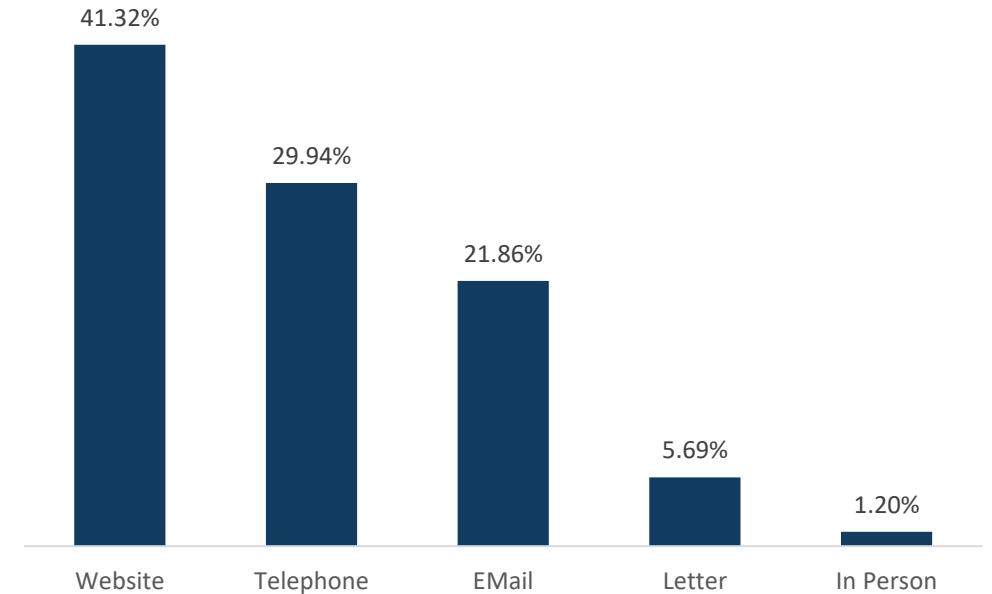

Complaint investigations - Formal Complaint or Dispute Investigation

Category 3.1	ATO has no record of a previous complaint – IGTO identifies issues requiring formal investigation and options for resolution and requires the matter to be dealt with by an identifiable ATO/TPB officer providing accountability for the management and resolution of the complaint. IGTO also checks the ATO/TPB's handling of the complaint for satisfactory conclusion
Category 3.2	Uncomplicated Disputes – IGTO investigates independently, engages with the ATO to verify facts and issues, determines the most appropriate and timely actions, and identifies who will take them for early resolution
Category 3.3	Frequently Raised Dispute Issues – IGTO identifies the case as involving a common area of complaint that is capable of being resolved efficiently and effectively through pre-agreed investigation processes
Category 4	Complex Disputes – IGTO undertakes deeper inquiry and investigation to surface relevant evidence and determine the most appropriate options for resolution
Category 5	Highly Complex Disputes – IGTO investigates by engaging directly with ATO senior management (SES), and provides ATO senior management with early warning of emerging risks and the opportunity to address sensitive issues

Complaints received – Q4

Complaints received by the IGTO in Q4 FY22 are more than last year, but still down on earlier years, mostly in the category of non-complex complaints received. This is mainly due to:

- reduction in number of complaints lodged where ATO has no record of the complaint (Cat 3.1)
- reduced ATO debt recovery activities during the COVID-19 pandemic
- improved IGTO messaging on how to lodge a formal complaint with the ATO
- the IGTO's implementation of a telephone call back service and triaged case allocation process

The increase from 2020-21 is likely due to the ATO's resumption of debt collection

137 complaints are being assessed and will likely become investigations

Dispute investigations (Cat 3.2+)

There are a high number of complex, resource intensive disputes closed and on hand (Category 4-5)

Closed in Q4

Progressed in Q4

Average duration of dispute investigations (3.2+)

Ave. days to close dispute investigations

The average duration to complete dispute investigation cases is increasing. This is mainly due to:

- More complex dispute investigations (categories 4 and 5) on hand, requiring extra time and resources to investigate
- Increasing complexity and interaction on complex disputes
- Availability of resources, caused by temporary staff vacancies and increasing leave utilisation as we emerge from the pandemic

Fairness outcomes achieved

Outcomes in disputes closed - YTD

In addition to informational and interpersonal fairness we achieve increasing levels of:

- **Distributive fairness** which includes:
 - agency action or decision changed;
 - agency policies, procedures or systems changed.
- **Procedural fairness** which includes:
 - agency action/decision reconsidered;
 - agency expedited resolution of underlying matter.

Complaint Survey Results in Q4 FY22

There has been a substantial decrease in satisfaction with outcome, despite an increasing proportion of fairness outcomes achieved (prev. slide). It is not always appropriate or within the IGTO's control to obtain a complainant's preferred outcome.
